

Prize Books in Calf,

SUPERIOR

Half calf, and other

BINDINGS.

For Sale to the Public Schools, at the

ONTARIO EDUCATIONAL DEPOSITORY.

PREFATORY NOTE.

The Chief Superintendent will add *one hundred per cent* to any sum or sums of not less than five dollars, transmitted to the Educational Department by Municipal and School Corporations, on behalf of Grammar and Common Schools; and forward Public Library Books, Prize Books, or Maps, Apparatus, Charts, and Diagrams, to the value of the amount thus augmented, upon receiving a list of the articles required. In all cases it will be necessary for any person acting on behalf of the Municipal or Trustee Corporation, to enclose or present a written authority to do so, verified by the corporate seal of the Corporation. A selection of Maps, Apparatus, Library and Prize Books, &c., to be sent, can be made by the Department, when so desired. Any books not approved can be exchanged if returned promptly in good order.

Edward's Natural History of Silk-worm, in a box.....	2 00

PRE-PAYMENT OF POSTAGE ON BOOKS.

According to the Postage Law, the postage on all books, printed ereb, &c., sent through the post, must be pre-paid by the sender, at the rate of one cent per ounce. Local Superintendents, and Teachers ordering books from the Educational Depository, will therefore send such an additional sum for the payment of this postage, at the rate specified, and the Customs duty on copyright books, as may be necessary.

SCHOOL INK WELLS.

THE following INK WELLS have been manufactured in Toronto and are for sale at the Educational Depository—

No. 1. Plain Metal Ink Wells, with covers, per doz.....	\$1 50
No. 2. Improved Metal Non-evaporating Ink Wells, per doz.....	3 00
No. 1 is a wide-mouthed well, designed to be let into the desk. It has an iron cover to screw over the top so as to prevent the dust falling into the ink.	

No. 2 consists of three pieces: A circular piece to let into the desk, and to be screwed to it; it has a rim on which the well rests; over this is placed a cap which covers the top of the well. It has a small aperture for the pen, covered with a movable lid.

It possesses the following advantages—1. The ink is not liable to be spilled; 2. It effectually protects the ink from dust; 3. It prevents evaporation, owing to the cover and the small size of the aperture; 4. It has facilities for cleaning, but, the cover being screwed down, does not allow the pupil to take it out at his pleasure; 5. It is not, like glass, liable to breakage.

THE UNDERMENTIONED DIAGRAMS AND CHARTS, prepared by experienced Teachers and others, resident in Canada, are kept for sale at the Educational Depository. When ordered with Maps and Apparatus, the One Hundred per Cent. is allowed on them by the Department.
